

Satyabratt Jha

Full Stack Web Developer

I'm passionate about all things related to JavaScript and I love to design. I work hard, I care about writing clean code, and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me progress into a full-stack role.

Projects

Tinder Clone (<https://tinder-clone-569ee.web.app>)

Tinder Clone is a dating app that is based on the popular dating app Tinder. It is a replica of the Tinder app.
