Satyabrat Jha
Full Stack Web Developer

I'm passionate about all things related to JavaScript and I love to design.
I work hard, I care about writing clean code, and I genuinely love to learn.
I'm currently looking for the right opportunity to work in an environment that will help me progress into a full-stack role.

Projects

My Portfolio Website
A cool looking portfolio website, including my resume, my projects and email form using emailJS to mail me.
Skills used: ReactJS, JavaScript, HTML, CSS

Newsletter Signup
The more subscribers you have, the more people you can reach with interesting and engaging newsletter content. Your newsletter signup form is used to collect emails and build an audience.
Skills used: NodeJS, JavaScript, HTML, CSS

Calculator
A beautiful calculator including addition, subtraction, multiplication, division, delete, all clear, and of course, the ability to use decimal numbers in performing these operations.
Skills used: JavaScript, HTML, CSS

World Clock
World Clock is used to find out the current time, day and date for the selected countries throughout the globe. This is a simple and easy to use JavaScript world clock app.
Skills used: JavaScript, HTML, CSS

Drum Kit
When each key is pressed or clicked, it makes a corresponding drum noise. It also uses CSS transitions and animations to make the project more interactive to the user.
Skills used: JavaScript, HTML, CSS
